

Angel Vergara

OPERATIONS-TO-AI WORKFLOW BUILDER | SHIPPED PRODUCT AND GOVERNED SYSTEMS

Orlando, Florida | Remote, U.S. | avergara13@me.com | 407-432-6959 | [Portfolio](#) | [LinkedIn](#)

PROFILE

Bilingual operations-to-AI workflow builder focused on useful, human-controlled systems. Combines verified restaurant leadership and financial/administrative workflow ownership with shipped product work, structured outputs, review gates, exception handling, recovery logic, and clear implementation documentation.

CORE STRENGTHS

AI-assisted workflow design | LLM API integration | Structured outputs | Human approval gates | Multi-agent workflow architecture | Process mapping | Exception and recovery logic | Evidence-backed review | Product delivery | Bilingual English/Spanish

SELECTED PRODUCT AND SYSTEMS WORK

- **Resale Scanner Pro - shipped public product.** AI-assisted product integrating React, TypeScript, Node/Express, Railway, Supabase/Postgres, Gemini, Claude, marketplace APIs, automation, and GitHub delivery workflows.
- **Loft OS - sanitized architecture case study.** Agentic workflow design with scoped roles, human authorization, evidence-backed review, fail-closed controls, recovery paths, and deterministic closeout.
- **Sous Chef - public application.** AI-assisted culinary workspace with authenticated recipe flows, pantry and inventory signals, cookbooks, and cooking-session history.

PROFESSIONAL EXPERIENCE

Cafe Linger - Executive Chef to General Manager | Orlando, FL | May 2018-Dec 2022; paid closure work through Jan 2024

- Became General Manager in Jan 2019 and owned workflows spanning production, inventory, purchasing, vendors, training, reporting, compliance, and customer experience.
- Worked with POS data, spreadsheets, invoices, payroll information, QuickBooks, P&L review, vendor pricing, and cash-flow-aware decisions - the real operating problems now informing restaurant-automation concepts.
- Continued paid account closure, administration, and consulting through Jan 2024 while transitioning toward AI engineering.

Farm-Haus / Farm & Haus - Chef de Cuisine | Greater Orlando | Sep 2015-Apr 2018

- Began with consultation work to establish kitchen workflow, then led production, ordering, inventory, quality, training, and service routines.
- Worked directly with ownership and helped grow the kitchen staff from approximately 2 to 8 people.

Earlier Culinary Experience - Line Cook to Head Chef / Sous Chef leadership | Florida and Massachusetts | 2008-2014

- Built practical judgment around handoffs, exceptions, quality controls, inventory counts, ordering, training, and service recovery across restaurants, openings, and hotel operations.

EDUCATION

Florida International University - B.S., Hospitality Management; Minor, Beverage Management | The Culinary Institute of America - A.S., Culinary Arts, Apr 2010 | Valencia Community College - A.A., General Studies; Phi Theta Kappa

TOOLS

React | TypeScript | Vite | Tailwind | Node/Express | Railway | Supabase/Postgres | Gemini | Claude API | Marketplace APIs | GitHub Actions | Notion | n8n-style automation
