AI WORKFLOW & AUTOMATION

Orlando, Florida · Remote, U.S. · avergara13@me.com · 407-432-6959 · [LinkedIn](#) · [GitHub](#)

PROFILE

Bilingual AI-workflow and implementation specialist who turns messy operating processes into usable, human-controlled systems. Combines shipped public product work and governed agentic-workflow design with 15+ years of real operations leadership. Strong in workflow architecture, LLM-assisted decision support, review gates, exception handling, evidence, and recoverable handoffs.

CORE STRENGTHS

AI workflow design · LLM API integration · prompt & structured-output design · human approval gates · multi-agent orchestration · process mapping · exception/recovery logic · evidence-backed review · product delivery · technical documentation · bilingual English/Spanish

SELECTED PRODUCT & SYSTEMS WORK

- Resale Scanner Pro - Shipped a public AI-assisted product integrating React, TypeScript, Node/Express, Railway, Supabase/Postgres, Gemini, Claude, marketplace APIs, automation, and GitHub delivery workflows.
- Loft OS - Designed agentic workflows with scoped roles, human authorization, evidence-backed review, fail-closed controls, recovery paths, and deterministic closeout.
- Sous Chef - Built a public AI-assisted culinary workspace with authenticated recipe flows, pantry and inventory signals, cookbooks, and cooking-session history.

PROFESSIONAL EXPERIENCE

General Manager / Chef - Cafe Linger

May 2018-2024

Orlando, Florida

- Led real-world workflows across inventory, purchasing, vendors, payroll coordination, staffing, training, costing, compliance-sensitive routines, and daily execution.
- Identified repetitive work now translated into automation use cases: invoice routing, cost review, inventory checks, compliance reminders, and owner briefings.
- Built repeatable operating routines and handled exceptions under pressure-experience that informs safe automation boundaries and usable handoffs.

Chef de Cuisine - Farm-Haus

Sep 2015-Apr 2018

Greater Orlando

- Led culinary execution and coordinated teams, inventory, quality, and ordering; created consistent routines in a growing, high-volume operating environment.

Culinary Leadership

2008-2015

Miami Beach · Cape Cod · Miami · Orlando

- Progressed through culinary leadership roles while building checklists, ordering routines, training systems, food-count practices, and quality controls-the operational foundation for current workflow design.

EDUCATION

Florida International University - B.S., Hospitality Management; Minor, Beverage Management

The Culinary Institute of America - A.S., Culinary Arts
